## SERVICE LOCATION ADDRESS NOW REQUIRED IN THE INTEGRATED SYSTEM FOR MEDICARE CLAIMS

Due to the Short-Doyle/Medi-Cal Phase II changes that are being implemented in the Integrated System (IS), service location information is now required for Medicare claims. Directly operated providers are now required to enter the service location in the IS if the place of service code on Medicare claims is other than office or home. The actual address where the client was seen must be recorded.

When entering a Medicare claim in the Add Outpatient Claim screen of the IS, click the paper icon next to Service Facility Address as shown below.
